## memo

Brief aan ILO over situatie arbeidsmigranten Qatar

## Aanleiding

- Op 2 oktober jl. ontving minister Asscher van SZW een brief van de FNV over de moeilijke omstandigheden van veel (o.a. Nepalese) arbeidsmigranten in Qatar.
- De situatie speelt al jaren, maar wordt, mede door invloed van de media, politiek relevanter in de aanloop naar het WK voetbal in 2022 dat in Qatar wordt gehouden.
- Naar aanleiding van de brief van de FNV over dit onderwerp stelt minister Asscher voor om de ILO schriftelijk te benaderen, in samenspraak met uzelf en de minister van VWS, om aandacht te vragen voor de situatie in Qatar en om in dat kader de Nederlandse steun aan ILO te bevestigen.

## Gevraagd besluit

- Uw akkoord met bijgevoegde brief van de minister van SZW, mede namens uzelf en de minister van VWS, aan de ILO.
- In de brief roept u de ILO op om zich nog actiever in te zetten tav naleving door Qatar van de (op papier goede) nationale wetgeving inzake arbeidsomstandigheden in het land.

## Toelichting

- De problemen rond arbeidsmigranten in Qatar (en de regio) zijn reeds jaren bekend en zijn niet direct verbonden aan het WK voetbal in 2022.
- De overheid van Qatar, overheden van landen waar migranten vandaan komen, in Qatar actieve bedrijven, sportfederaties en de internationale gemeenschap hebben ieder hun eigen verantwoordelijkheid om de omstandigheden waarin arbeidsmigranten verkeren te verbeteren.
- De problematiek kan zowel bi- als multilateraal (o.a. EU, OESO, ILO, VN) en via MVO-activiteiten onder de aandacht worden gebracht.

- Vooral de ILO als wereldwijde normstellende organisatie op het terrein van arbeidswetgeving zou met inzet van technische assistentie-programma's en overige mechanismen kunnen bijdragen aan naleving door Qatar van de wettelijke verplichtingen op het terrein van de arbeidsvoorwaarden en aan verbetering van de situatie in Qatar.

1. Conceptbrief aan ILO;
2. Brief van de FNV aan minister Asscher.

Ministerie van Sociale Zaken en Werkgelegenheid  
t.a.v. minister Asscher  
Postbus 90801  
2500 LV Den Haag

Woerden, 2 oktober 2013

Geachte heer Asscher,

De afgelopen dagen heeft de FNV aandacht gevraagd, in het verlengde van onze internationale vakbondskoepel ITUC, voor de mensonterende omstandigheden waarin bouwarbeiders uit verschillende landen in Qatar moeten werken aan de stadions voor het WK Voetbal in 2022.

De arbeidsomstandigheden zijn zo erbarmelijk en gevaarlijk dat er momenteel 1 dode per dag valt, een aantal dat dreigt op te lopen naar 10 tot 12 per week. Tegen de tijd dat het WK wordt gehouden zal het dodental zijn gestegen tot een onvoorstelbaar totaal van 4000 doden. Voor een groot deel gaat het daarbij om arbeiders uit Nepal.

Als wij hier niet tegen optreden dan kunnen we straks symbolisch een vak van 4000 plaatsen in het stadion leeg houden ter nagedachtenis aan de mensen die het leven lieten bij de bouw. Zover laten wij het niet komen toch? Voetbal is van iedereen. De liefde voor het voetbalspel mag niet ten koste gaan van mensenlevens. Ik roep naast de **10 1 c** ook het kabinet op om samen met de FNV hier tegen op te treden. Veilig en gezond werken moet topprioriteit zijn.

De vakbonden VVCS en FNV Sport spreken de **10 1 c** hier rechtstreeks op aan. De ITUC heeft hetzelfde gedaan bij de FIFA, evenals de internationale koepel van bouwbonden BWI. FNV Bouw onderneemt samen met de BWI actie richting de betreffende bouwbedrijven. Op dit moment wordt onderzocht welke Nederlandse bouwbedrijven hierbij betrokken zijn.

Namens de hele FNV vraag ik u met klem als minister deze zaak, namens het kabinet, aan te kaarten in internationaal verband, zoals in de EU, de VN en de OESO. En bovendien alles wat mogelijk is te ondernemen in de bilaterale en diplomatieke contacten die er zijn met Qatar.

Dear all,

For the sake of our Embassy colleagues I am writing this in EN, even though the attachment is a draft letter to Parliament and therefore in NL.

May I ask your attention and cooperation for the following:

- attached you will find the 1<sup>st</sup> version of a draft letter Human Rights Policy in the Arab Region,

promised by Minister Timmermans to Parliament;

- colleagues 10 2 e and 10 2 e did a great job preparing this 1<sup>st</sup> version, but a few questions remain that I would like your input for, and please feel free to send any other comments, in track changes, to 10 2 e and myself latest on Monday (earlier welcome!)

Specific questions that we have are:

## Qatar - Mensenrechten - Verslag bezoek MRA aan Qatar

**Van** : DAM  
**Verzonden op** : 20 maart 2015 15:41  
**Land/regio** : Qatar  
**Thema** : Mensenrechten

### Samenvatting

- Constructief, open en nuttig tweedaags bezoek MRA aan Qatar.
- Gesprekken met o.a. overheid, mensenrechtenorganisaties, -verdedigers en journalisten, universiteiten en NL bedrijfsleven, waarbij onder meer situatie van arbeidsmigranten, vrouwenrechten, persvrijheid en vrijheid van meningsuiting ter sprake kwamen, alsook aankomende MRR en UPR van vorig jaar.
- Eerste bezoek van NL MRA aan Qatar ooit.

- 10 2 a, 11 [redacted]
- Qatar zeer open voor bezoeken mensenrechtenorganisaties, inspecties ILO en heeft standing invitation voor VN-mensenrechtenrapporteurs.
- Grote bereidheid te werken aan verbetering arbeidsomstandigheden. Implementatie echter de grote uitdaging.
- Vraagt NL advies en hulp mbt IMVO/Mensenrechten en Bedrijfsleven.
- Organisatie WK 2022 gaat graag in gesprek met NL bedrijfsleven, dat een zeer goede naam heeft op gebied van IMVO.
- 10 2 a, 11 [redacted]

We hebben geen Factsheet of recente Q&A's over specifiek het WK, vragen bij BZ m.n. over situatie arbeidsmigranten (nav WK). Zie hieronder de meest recente Q&A (opgesteld voor notaoverleg).

Vriendelijke groet,

10 2

## 42. Qatar

1. Q: Wat doet NL voor arbeidsmigranten in Qatar?

A:

- NL en EU actief om situatie arbeidsmigranten in Qatar te helpen verbeteren en onderhoudt regelmatig op politiek en hoogambtelijk niveau contact met autoriteiten Qatar over problematiek.
- Gesprek Min. Ploumen in december 2014 met QAT Energieminister Al Sada hierover.
- Tevens aangekaart tijdens bezoek van Nederlandse Mensenrechtenambassadeur aan Qatar (februari jl.).
- NLse aanbevelingen UPR Qatar (mei 2014): o.a. verbeteren woon- en werkomstandigheden van arbeidsmigranten.
- ILO normstellende organisatie met expertise en best geschikt om te helpen bij aanbrengen verbeteringen. Voorkeur derhalve om problematiek vooral in ILO verband aan te pakken.
- NLse bedrijven in regio overigens goed 'track record: voorbeeldfunctie in regio op gebied van MVO. NL stimuleert NLse bedrijven in algemene zin zich te houden aan internationale MVO-richtlijnen als ze opereren in het buitenland.

---

Dear partners,

As most of you know I have recently taken over from my predecessor 10 2 e at the Netherlands Embassy in Doha.

I would like to draw your attention to the following:

Last February the Human Rights Ambassador 10 2 e visited Doha and met with 10 2 e, 10 2 e of the organizing committee for 2022 World Cup (Supreme Committee for Legacy and Delivery).

The discussion was very constructive and stating the steps taken by SC2022 to improve working conditions.

During this meeting the SG offered to meet with active Dutch companies operating in Qatar and engage in an open dialogue with them to discuss the working conditions in Qatar.

To follow-up we've been recently in contact with the SC2022 to set up this meeting, which will take place at the SC2022 premises in Doha October 12<sup>th</sup>-15<sup>th</sup> (exact date and time to be confirmed soon).

The meeting will focus on discussing the latest version of the Workers Welfare Standards in addition to the associated business opportunities from the World Cup 2022.

The Embassy is considering this meeting to be of great value in terms of positioning Dutch companies and informing them about the recent business and legal framework in Qatar.

10 2 e, Ambassador of the Kingdom of the Netherlands in Doha will attend the meeting and 10 2 e the Secretary General of the Supreme Committee for Legacy and Delivery is expected to be present.

You are invited as part of a select group of leading Dutch companies active in Qatar to attend this meeting.

Each company is kindly requested to have one representative. Please inform us who will be attending on behalf of your company.

If you have any additional agenda items that you want to bring to the table, please let us know so we can propose to include it in the agenda.

The SC2022 is requesting information about the attending companies, so kindly share with us your company's profile that we will convey to them.

Please contact the Embassy should you have any further questions.

Kind regards,

10 2 e

Embassy of the Kingdom

Company Address	10 2 e	Eindhoven

Orange Sports Forum (OSF) was founded in 2010 with the aim of promoting companies, organisations and institutions associated with Dutch sport abroad. It encompasses 'hardware' (infrastructure and accommodation) as well as 'software' (training, coaching, education and sports marketing). As OSF identifies new opportunities in countries across the world, it provides a platform from which Dutch companies and institutions can approach new potential clients and partners. Currently, OSF has a network consisting of more than 300 organisations. OSF focuses on the following pillars:

- The supporting and advising of organizations within its network with their ambitions to export.
- Develop a sports business network that is relevant for use domestically and for foreign users. The network currently exceeds 300 Dutch companies.
- OSF aims to showcase the knowledge and expertise in the field of sports and innovation of the Netherlands, rather than the sporting achievements.

### Holland Sports & Industry

Holland Sports & Industry is the natural partner for foreign organisations looking to access Dutch sports expertise or products. Holland Sports & Industry can get enquirers in touch with the best companies, sports associations and knowledge partners in the Netherlands.

Holland Sports & Industry is an initiative of the Orange Sports Forum foundation.

## PSV Eindhoven

Company Address	10 2 e	Eindhoven

**Company introduction and other relevant information (between the 150 and 300 words):**

The Eindhoven football club PSV (Philips Sport Vereniging) was founded on 31 August 1913. At first only amateurs and youth players joined the club, but when professional football was introduced in the Netherlands in 1954, a professional football section was duly added. As the financial interests of professional football increased, the PSV Football Foundation was established in 1984. Professional football and the accompanying assets were classed in this foundation under the responsibility of a Foundation Board. All professional football and youth activities have been placed with PSV N.V. 1 July 1999 and PSV participates as shareholder in this public limited company. PSV is the current Dutch champion and they won the title 3 times out of the previous five seasons.

## Olympic Training Centre Papendal

Website	<a href="http://www.papendal.com">www.papendal.com</a>	
Company Address	10 2 e	Arnhem

Olympic Training Centre Papendal is the largest elite sports training centre in the Netherlands. Today, about 350 elite athletes use our top facilities on a daily basis. Papendal has been used as a training location for elite sports since the seventies. Princess Beatrix opened the Olympic Training Centre officially in 1971. In the years that followed, Papendal has changed tremendously. The past ten years have particularly been a period of rapid development for the Olympic Training Centre. To give you an idea of these developments, we have listed our history in chronological order.

There's also a hotel located at Papendal, which is a subsidiary of the NOC\*NSF (Dutch Olympic Committee), just like the [High Performance Centre Papendal](#). If you are searching for a comfortable 4 star hotel amidst the forests of the Veluwe, then you have come to the right place. We offer anything you may expect from a 4 star hotel. Tranquillity, space and hospitality. But above all, you will experience the energy here. You can recharge your battery completely. Some may not know that being an (elite) athlete is not a prerequisite for staying with us. But if you enjoy staying in an inspiring, athletic environment where it is definitely possible to run into our (elite) athletes, then you are more than welcome.

## Pactive Motion

<b>Company Name</b>	<b>Pactive Motion BV</b>	
<b>Contact</b>	10 2 e	
<b>Position</b>	11	
<b>E-mail</b>	10 2 e	
<b>Phone</b>	10 2 e	
<b>Mobile</b>	www.pactive.motion.nl	
<b>Website</b>	10 2 e	Hoogerheide
<b>Company Address</b>		

The Pactive Motion intervention can help to improve and maintain strength and power performances or as a tool for faster and better recovery after injuries.

The scientifically validated motion programs from Pactive Motion can be used to improve mental and physical conditions of players of soccer and similar sports, divers and combat sports. Pactive Motion can be integrated in (personalised) training strategies and/or to recuperate after a game.

Pactive Motion is unique because it offers vitality through passive activation of body and mind by boosting the central nervous system by providing in sync safe and pleasant multi-sensory incentives. This is done by combining state of the art robotics and Virtual Reality. This combination has an impressive impact on energy.

The robot is used to generate a mix of Whole Body Vibration and balance exercises. The matching VR images stimulate the mirror neurons. This results within a few minutes in a deep sensation of relaxation and vitalization. Improved alertness and comprehension and a fine sense of well-being and vitality to improve performances!

Several Pactive Motion platforms are available. For recuperation special lounging platforms can be used. For training and rehab purposes standing platforms are available. Special programs can be developed on request.

<b>Website</b>	<a href="http://www.recreationalsystemsint.com">www.recreationalsystemsint.com</a>
<b>Company Address</b>	10 2 e

Recreational Systems International (RSI) unites several business units that each offer unique sports solutions. Our products answer the demand for affordable, flexible, high-quality and low-maintenance sports facilities. These products allow for use in both professional venues as well as community facilities.

It is the collective expertise available within our group and our desire to be innovative that can be credited for the many ground-breaking solutions we have introduced since the late 90's.

To us, innovation and product development are the key to laying the foundation of quality sports facilities. As we are a one-stop shop we are well-positioned to assist clubs, municipalities and governments from around the globe. All products within our portfolio contribute to achieving savings and to make any type of sports facility to become more sustainable. They also contribute to the profitability of the club or sports facility without affecting their key purpose or mandate: providing a safe and reliable sports and exercise experience. All our products and procedures are fully compliant with all international standards. They are also being recognised by all relevant international sports authorities.

### ProPlay® - Top performance shock and drainage pads

ProPlay® provides safety to players and children, contributes to the experience and quality of the game and prolongs the lifespan of a synthetic grass surface. The shockpad is produced by Schmitz Foam Products, an international company that has been known for its unparalleled engineering, innovation and quality since 1935. For three decades this fourth-generation family-owned business is dedicated to producing over 3,5 million m<sup>2</sup> shock absorbing and drainage solutions annually. These solutions set the trends in sports and playgrounds as well as in the equestrian and construction industries.

ProPlay® is produced from the highest grade foams that no longer have a purpose for worlds' largest foam producers and processors. By including these foams in the production process, Schmitz Foam prevents these items ending up in the waste stream. The state-of-the-art plants in Roermond (NL) and Coldwater (USA) are of the highest technical standards and also facilitate the recycling of ProPlay® after its end of life. All ProPlay® panels come with a 25-year warranty and comply with international environmental requirements and quality standards. People in over 70 countries are able to live their sport and play experience every day, regardless of the weather. The scientifically determined shock absorbing and draining capacities of ProPlay® enables children and athletes to live a healthy life-style and guarantee a safe surface.

## Vekoma Rides Manufacturing

Website	<a href="http://www.vekoma.com">www.vekoma.com</a>	
Company Address	10 2 e	, The Netherlands

Vekoma Rides Manufacturing is one of the largest and most innovative roller coaster manufacturers and a market leader in the amusement industry and has gained recognition with presence in over 40 countries world-wide. With the world's largest in-house expertise, we are in a unique position and custom-designed attractions are one of our highly valued specialties.

You will find our coasters world-wide in most successful Amusement and Theme Parks, as well as in family parks, FECs and shopping centers. Vekoma works closely with owners, developers and designers to offer unique and high-quality coasters and attractions, that meet the most stringent standards for safety, quality and comfort.

We offer creative design, high-precision engineering, manufacturing and installation of a full range of coasters and attractions, all characteristic for its high safety level, innovation, high quality and durability. In addition, we offer a broad range of Media Based Attractions that perfectly fit within the concept of sports facilities.

### Sport meets Fun & Leisure

One of our latest innovative developments is the turnkey interactive Sports Fun Centers, which offer sports-related innovative games and attractions. Sport meets fun & leisure, attracting both tourists and locals to the Stadium Venues. It is a year-round attraction promoting healthy exercise for youth and family. The Sports Fun Centers can be combined with the Shaded Dome and installed close to Stadiums or in public parks. These quickly erected dome structures and Sports Fun Centers transform any training complex into an environmentally controlled microclimate so people can train and stay fit together. The Sports Fun Centers offer training programs with score rates and are also leisure attractions.

### Product range:

- Family coasters
- Thrill & Mega coasters
- Indoor coasters
- Attractions & Specialties
- Media Based Attractions
- Sports Fun attractions

## Breda University of Applied Sciences
